

2023 Texoma Travelers Annual Spring Rally Event

Thirty-Five LTVs attended our spring rally in beautiful Eureka Springs, Arkansas on April 19th, 2023. The four day event provided lots of new friends, great food, and a wealth of LTV / Sprinter / Transit technical information & shared experience.

Eureka Springs- Incorporated in 1880 and located in the Ozark Mountains of northwest Arkansas. This little historic town is a tourist destination. The city has steep winding streets filled with Victorian style buildings and it has no traffic lights.

Day 1

The event kicked off with our evening's Meet & Greet. Giving everyone the chance to meet our new attendees and an opportunity to catchup in the lives of our seasoned club members.

Day 2

Filled with lots of activities, with coffee & pastries, we started with a tech talk and Q & A. After a lunch break, the ladies did a craft project. That evening the club provided a taco bar followed by a presentation / discussion on Apps for RVing.

Day 3

This was group picture day, followed by a tech talk for new LTV owners. Our afternoon was free to explore Eureka Springs. That evening we were given a spectacular sunset over the Arkansas hills as we conducted our club meeting. Then it was on to our popular evening fun activity, BINGO!

Day 4

On the final full day, we spent much of the day with a tech talk covering 2020 and newer LTVs. There was lots of mingling among owners out in the RV park. That evening we had a “happy hour” with a plentiful spread of delicious finger foods. Many of the owners afterwards hosted campsite gatherings about the park.

We said our good byes on Sunday morning. It's our club members and the support of Leisure Travel Vans that make our club rallies successful.
